

Be your best

AbleTo behavioral care program

Personalized support when you need it

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna).

Aetna Behavioral Health refers to an internal business unit of Aetna.

Take control of your mental health, on your terms

Sometimes life can be overwhelming, leading to worry, stress and sadness. These are common feelings with major life changes or chronic pain. But help is now just a phone call away.

With the AbleTo program, you'll get virtual, personalized support that can help you feel better. You'll learn how to better manage your emotions and improve your overall health. And your mental and physical health can improve in as little as eight weeks. Plus, this program is already included in your Aetna® membership.

The program can help you:

- Work through these normal emotions
- Know the types of changes you need to make
- Feel like you're in control of your health and life

Real help that fits your schedule

It's really easy to take the first step. In fact, you can speak to a licensed therapist within seven days or less from calling.

Then, you can attend a private, confidential session virtually, by telephone or secure video chat, right from your home. Simply schedule your sessions at your convenience, including outside normal business hours and on weekends.

So how does it work?

Support when and where you need it

Every week, you'll meet with your experienced care team (a behavioral coach and therapist). You'll work with them to set goals and learn coping strategies in two private sessions per week.

Your team will help you:

Better understand the relationship between thoughts, feelings and actions

Get ahead of challenging issues, including medical conditions, family problems or personal hurdles

Overcome obstacles that keep you from living your best life

Consider AbleTo support if you've had one of these health conditions or life changes:

- Depression, anxiety or panic attacks
- Chronic pain/pain management
- Grief and loss
- Diabetes/weight loss
- Cardiovascular disease
- Caregiver stress (child, elder or person with autism)
- Digestive health issues
- Cancer diagnosis and recovery
- Respiratory issues
- Infertility or postpartum depression
- Alcohol or substance use disorder
- Military transition

Here's what makes this program different

Unlike other telemedicine services, this program has:

- A short-term, eight-week model
- Proven effectiveness
- Therapy plus coaching
- Excellent online member experience
- Flexible scheduling

*You may be able to receive AbleTo services with no out-of-pocket cost to you, depending on your employer. With other employers, associated deductibles will apply before your out-of-pocket expenses are covered. Just call the number on your member ID card to learn more about your options.
