

With the Rx Ultra pharmacy network, Blue Shield of California members have access to over 64,000 convenient retail pharmacies nationwide including grocery, and other local and community pharmacies where you can fill up to a 90-day supply of medication.

## How do I find a pharmacy?

To find pharmacies near you:

1. Visit **blueshieldca.com/pharmacy** and select *Explore our network*.
2. Scroll down and select *Find an Rx Ultra pharmacy 2025*, and then select *Continue* to go to the Pharmacy Locator.
3. Enter your zip code and select *Search*.
4. Choose a pharmacy based on medication type and costs.

Blue Shield network pharmacies can also assist with transferring prescriptions from non-network pharmacies.

## 90-day retail pharmacy option

If you take maintenance medications for chronic conditions such as diabetes, you have an alternative to 90-day mail order prescriptions. With Rx Ultra, you can fill 90-day prescriptions at most pharmacies.
