What members and partners say about Workit Health

See why 95% of people in the Workit Health program abstain from their drug of choice after six months.

"This is a great program for me! I have tried so many other ways to conquer my 10-year opioid dependence and all the hassle that comes with it, to no avail! I feel great on this med plus the team of coaches, doctors and admin are here for me when I need them."

"Workit is AMAZING I have been in the program for a couple of years successfully where I have failed in prior rehab attempts. It's very easy if time is an issue for you like myself. You get great coaches and I just adore my doctor. Everyone has been so helpful and kind. I HIGHLY RECOMMEND workit and have referred a few friends who are doing well also."

"Workit health is AWESOME. They have helped change my life in so many ways and continue to do so. It seems like you can't ever overcome an addiction but Workit health has made it so easy and are in the fight with you 100% of the time. They don't judge or look down on you. They help lift you up and let you know that you can do it!!"

Workit Member 2020

"Incredible support. I can honestly say this changed my entire life. I had tried talking to several therapists, psychiatrists, you name it. Workit actually works and the doctors and counselors really make you feel heard and supported."
